

## XMARK PRO CARPET PROTECTION

Designed to safeguard carpets from damage, Xmark Carpet Protection helps eliminate downtime resulting from messy spills and stains. The self-adhesive sheets provide an instant protective barrier between the mess of the job site and the carpet below. The adhesive film then easily peels up when the job is completed. This gives you more flexibility to install floors when it is convenient, while providing necessary protection to allow contractors to continue their work.

- Use instead of drop sheets and simply dispose of when finished
- Perfect for high- and low-traffic areas
- Reverse-wound with adhesive on outside for easy roll down
- Virtually maintenance-free
- No need to have carpets cleaned when the job is done

Product Code	Width	Length	Sq.ft.	Weight	Packaged
PSWSXMCP-241	24"	100'	200	5.13lb	72 / skid
PSWSXMCP-242	24"	200'	400	10.26lb	72 / skid
