

XMARK PRO WINDOW PROTECTION UV

For interior or exterior use, Xmark Window Protection is an easy-to-apply, self-adhesive, 3 mil polyethylene film for protecting glass surfaces. The low-tack film adheres to glass, plastics, metal and aluminium without damage. Available in two grades, it is perfect for exterior building and interior remodelling where mortar, stucco and overspray can cause scratching and etching.

- Durable polyethylene film
- Self-adhesive and easy-to-apply
- Low-tack design will not damage windows and casings
- Available in two grades for short- or long-term protection
